

Pensions Shared Service – Retirement estimate request form
For active members of the Local Government Pension Scheme (LGPS)

This form should be used by active members to request an estimate of the pension benefits available following voluntarily retirement. If you require an estimate of your pension benefits on the grounds of ill health; redundancy/efficiency or flexible retirement or any retirement that requires an extra employer payment then you must contact your HR Service to request the estimate. If you are more than a year away from retirement, please refer to your annual Pension Statement for an idea of what you might expect to receive in the future. You may request an estimate when you are closer to your retirement.

If you require an estimate for a mortgage application or to provide details to a financial advisor - your most recent annual Pension Statement should be adequate for this purpose

Before completing this form, please read the notes overleaf. Please complete in BLOCK CAPITALS and in BLACK INK

In order that we assign this request to your record please provide the following personal details:

Retiring from the Local Government Pension Scheme (LGPS)

Notes

- If you are over the age of 55 and have at least 2 years membership in the scheme, you are eligible to receive pension benefits upon leaving the scheme.
- If you retire earlier than your State Pension Age (SPA) or earlier than age 65 (whichever is later), then your benefits will be reduced to take in to account early payment. Details of the reduction factors that may apply can be found here: <https://lgpsmember.org/more/reductions.php>.
- If you were in the scheme before 1 April 2014, you will have your pre 2014 benefits reduced if you are retiring earlier than age 65*.
- If you retire later than your State Pension Age (SPA) or later than Age 65 (whichever is later), then your benefits may be increased to take into account late payment. If you are unsure when your State Pension Age is, please visit: <https://www.gov.uk/state-pension-age>.
- Your benefits must be paid before your 75th birthday, regardless whether or not you have left your employment.
- At the point of retirement you will be given the option to convert part of your pension to receive a tax free** lump sum or if you were a member of the scheme before 1 April 2008 – a larger tax free** lump sum. Your estimate will give details of the maximum tax free** lump sum you are permitted to claim.
- If you have been paying in-house AVCs, you will be provided with a range of options relating to your AVCs at retirement.
- Your estimate is for your information only. This will not be passed on to your employer. The estimate is not a guarantee of any benefit or pension payment. We will confirm your pay and pension scheme membership at retirement and these along with the regulations current at the time of any actual pension entitlement will be used to assess your pension and will override any estimate figures.

*Certain members of the scheme may have protection from reductions on certain components of their pension. Your estimated pension benefits will include any reductions.

**There is a lifetime limit on the total value of pension benefits you can claim before they become subject to a tax charge. In order to determine if you are likely to exceed this limit, known as the lifetime allowance, please use the lifetime allowance quick check tool on the national website for members: <https://lgpsmember.org/more/LTA-quick-check-tool.php>
